BUMPED AT CONVENTION
Henry Scott Nominated—Gleichen
Liberals Said "Nay! Nay!"
to Riley

Calgary, July 30.—E. H. Riley was rejected by the Liberals of Gleichen, who met here last night in a convention to choose their candidate for the coming bye-election.

Henry Scott, president of the Gleichen Liberal Association, was given the nomination, after three ballots were taken.

There were 50 delegates present and before any nominations were received the following resolution was passed unanimously:

"That the Liberals of Gleichen, in convention assembled, take this opportunity to place themselves on record as unreservedly in favor of the Liberal administration at Edmonton under the premiership of the Hon. A. L. Sifton, and pledge themselves to endorse only the candidature of a Liberal who is prepared to support the government under the present leadership."

Mr. Riley's Statement
Despite the passing of the above resolution Mr. Riley allowed his name to go before the convention, but came out flat-footed in the fifteen minutes allowed candidates for debate.

He stated that he had not intended to pledge himself to support the government under Premier Sifton as the latter had not stated what his policy was to be.

"What do you send a man to the Legislature for? To be a dummy?" he shouted, heatedly. "I will not say I will support the policy of Mr. Sifton. He has not said yet what his policy is to be, and I say again that if I am elected I intend to oppose the Waterways road first, last and all the time until it is rooted out, lock, stock and barrel."

Five Names Suggested
Altogether five names were placed before the convention. They were Frank Moorhouse, Roy Cowan, of Langdon; A. J. McArthur, ex-camalg; and E. H. Riley, the ex-governor, whose resignation over the Alberta and Great Waterways question and taking over of the reins of government by Chief Justice A. L. Sifton made a bye-election necessary.

Mr. Moorhouse withdrew but the others went to the poll. The first result was: Scott, 23; McArthur, 14; Cowan, 9; Riley, 9. The two last named were then dropped and the second vote resulted in Scott polling 32 and McArthur 21 votes. McArthur then moved that the nomination be made unanimous, and Mr. Riley, having left the convention, this carried.

To Run as an Independent
Mr. Riley did not drop out of his own accord and would not pledge himself to support any of the other candidates when asked by the chairman, before the vote was taken, if he would do this. Last night he said that he would oppose Scott and will run as an independent candidate.

BEAT FOLKSTONE
Zingaris won a close game at Folkstone by eight runs. Folkstone in the first innings had 166 runs and the Zingaris in their second innings had 174 runs. William Marshall having 48; Waldemar Marshall 22, and Green 20.

Folkstone had 218 runs in their second innings; Lownsbrough, four wickets for 21 runs; Wright two wickets for 34.

The Canadian fielding was splendid. Sagarum making a fine catch.

Playing Essex Today
London, July 30.—Canadian Zingaris cricket, who defeated Folkstone in their last match scored 263 in their first innings today against the gentlemen of Essex at Leytonstone. Southam batted 57 out, Waldemar Marshall 55; Heenan 35; Green 20. Essex gentlemen scored 104 for the loss of three wickets.

Kent beat Worcester by seven wickets in game which ended yesterday.

MOUNT MCKINLEY AGAIN CONQUERS

American Geological Societies
Expedition Fails to Ascend
Summit

Seward, Alaska, July 30.—The American Geological Society's expedition, headed by Prof. Hirschfeld Parker, of Columbia University and Belmont Brown of Tacoma, has failed in its attempt to climb Mount McKinley, and they will arrive there in a few days.

Prof. Parker gives a shortage of supplies as the reason for abandoning the attempt.

The expedition started from Takana a day later than the Portland Oregonian-New York Herald expedition and went up Chulitna in the power boat Explorer, built especially for the party.

A. L. Cool and Joseph Riddell, members of Portland Oregonian-New York Herald expedition, which set out in April to ascend Mount McKinley and which turned back unsuccessful, arrived in Seward yesterday.

Cool and Riddell say that nobody has ever reached the Summit and that 5,000 feet of precipitous cliffs surround the top. The Rask expedition reached the summit of mountain, ascended by Dr. Cook and Edward Barrill and found the scaling of this peak was easy enough, but it was ten miles distant from the real summit, according to Riley.

GIRL ELOPES; SUES DAD FOR CLOTHES

New York, July 30.—Mabel Blyington, who has been Mrs. George W. Hogan, ever since last Monday, had her father, Joseph Blyington, a bookkeeper, in police court today to force him to give her possession of her clothing. The bride, who is nineteen years old, said she had purchased the clothing and that her father was holding it illegally. She had ordered party Blyington to deliver the clothes. Mabel admitted that she eloped on Sunday and married on Monday against her father's wishes. She declared also that her father had attempted to hold her a prisoner and that she had outwitted him by picking the lock when he was reading his Bible.

SASKATCHEWAN ENTERS APPEAL

Privy Council Gives Sister Province
Right to Intervene in C.
P.R. Land Tax Case

London, July 30.—The judicial committee of the Privy Council handed down the following judgments in the Canadian cases:

In the case of the Minister of Public Works of the Province of Alberta vs. C. P. R., which involves a question of liability for taxes for the land of respondents under the local improvement ordinance of the North West Territories and the local improvement act of Alberta, leave to intervene in an appeal of the King vs. C. P. R. was also allowed. Canadian courts have upheld the C. P. R.'s plea in these cases which was that twenty years' exemption from taxation dates not from the signing of the company's charter, but from the issue of letters sold and an agreement completed in the meantime.

SPAIN WITHDRAWS FROM THE VATICAN

Rupture Between Church of Rome
and Spanish Government
Growing Rapidly

STURGEON FOR LIBERTY

"Poor Spain," Says Premier, "If
We Fail It Will Mean
Decadence."

Madrid, July 30.—The news of the recall of Marquis de Ojeda, Spanish ambassador to the Vatican, has caused a profound sensation in the capital, although the clerical and anti-clerical forces foresaw the break. Should the Vatican refuse to mend the rupture, the government will immediately proceed with its program of secularization, including the restrictions of religious orders and the regulation of education and the general relations of the church and state.

As a measure of precaution all religious demonstrations arranged for Sunday have been prohibited. The Catholics declare they will march to San Sebastian as a protest against the measure.

Rapture Will be Complete
San Sebastian, July 30.—Premier Canalejas, referring to the Vatican's last note which declared that unless the decree of June 11 permitting non-Catholic societies to display the insignia of public worship, was withdrawn negotiations looking to the revision of the Concordat would be discontinued. He further said the government would tolerate no imposition.

Spain's initiative in recalling Ambassador de Ojeda is expected to be followed by the departure from Madrid of Monsignor Vico, the Papal Nuncio, when the rupture will be complete.

Senor Canalejas is preparing for a battle. In addressing a Liberal organization he declared that Spain was struggling for liberty of conscience. "Poor Spain" he continued, "if we succumb it will mean decadence."

Brother Fatally and Killed
Third

Quincy, Mass., July 30.—After killing two persons and wounding three at which he had been in an unexplained frenzy, Louis Restelli, a granite contractor, made his escape late last night, and is still at large. His mother, Mrs. Ross Restelli, 65 years old and Henry A. Hardwick, aged 36 years, one of the most prominent granite manufacturers in this city, and from whom Restelli rented his place of business are dead. Guspare Restelli, aged 40, a brother of the murdered, has three bullet wounds in his body and is not expected to live.

SEIZE ICE CREAM CONES

The government alleges the cones are impure. Marshall Durham says his office has seized 200,000 cones this week.

FRAIL OLD MAN STOLE \$500,000

Took Bonds and Stocks From the
Russo-Chinese Bank in New
York

New York, July 30.—A frail little man with gray hair and hollow eyes, in whose presence there was nothing to suggest that single-handed he had lifted \$500,000 from the strong box of a bank, was arrested yesterday afternoon in a downtown restaurant, not five minutes walk from the bank he is alleged to have robbed.

He was Edwin Widd, cashier of the Russo-Chinese Bank, in the Court of General Sessions, his lawyer, Lou Ginsburg, said that he would plead guilty and that he was committed to the toms in default of \$25,000 bail.

LET'S JOIN FORCES

The Dominion Census will be taken next June. Why should not Edmonton and Strathcona become one city of forty or fifty thousand, instead of remaining two small cities? Many prominent citizens of the two towns think amalgamation would be the best possible move. What do you think?

Mayor Duggan, when approached on the subject of the union of Edmonton and Strathcona, said that the movement had been agitated some time ago and he thought that Strathcona had come to an agreement with Edmonton on the subject. Even the Strathcona people who were agitating for the amalgamation, he said, wanted to wait until the bridge was built. The mayor does not see what Strathcona has to gain by being one with Edmonton and says that he sees a good many things that they will lose. "Why, we would never have had the university if we had been united to Edmonton," he said.

Col. Edwards' opinion on the subject was that it did not make any material difference to Edmonton whether Strathcona came in or not. "It won't increase the value of property in the least," said Col. Edwards. Edmonton will go ahead just as fast without the assistance of Strathcona. Edmonton people very rarely go to Strathcona except when they go to meet the train, and when the C. P. R. runs into the city there will be no necessity of that. Besides I think there are difficulties in the way of union in the arrangement of the public utilities. I am not opposed to union but I don't see any advantages in it for Edmonton."

"Do Not Let Them Commit Suicide," Says Official Police Order

London, July 30.—A special despatch from Brussels asserts that after purchasing his steamship tickets at Antwerp Dr. Crippen had less than \$20 and that prior to sailing, he vainly sought to find a loan office.

Father Point, July 29.—"Be sure they do not commit suicide," were the emphatic instructions received last night by Charles Gaveau, government officer at Rimouski. They were part of a message received by him from Lieut.-Colonel Sherwood, commissioner of the Dominion police. The message would say that Gaveau got a pass to board the Montrose, and continued somewhat to this effect: "Try to make sure as soon as possible the identity of the people supposed to be Dr. Crippen and Miss Leneve. Then arrest them. Caution them that anything said may be used against them, then separate them."

Gaveau has been instructed to take the pair to Quebec. He is still "shaving his moustache growth and he is growing a beard. Dr. Crippen has no suspicion that his identity is suspected. The other passengers also are ignorant of his identity. Miss Leneve refrains from talking. The pair have no baggage. They cannot be parted and are very reticent. Dr. Crippen has stated that he has travelled much. He puts in much of his time reading books. He is very sleepless at night.

FIRES WEST OF HIGH RIVER OUT

Farmers in District Fought the
Flames for Several
Days

(Special to the Capital)
Calgary, July 30.—"The fires that have been burning in the brush and grass, north and south of the Bar U ranch west of High River, are under control and have been turned back to the hills."

This was the information given by W. T. Margach, chief forest ranger, yesterday on his return from the scene of the fire, where he spent the past few days, directing the operations of the fire fighters.

Everybody Responded
As soon as the fires broke out, Mr. Miller notified all the rangers and farmers in the district, who to a man responded with all the force of men, teams and plows that they could gather. A strongly organized force fought its progress eastward and prevented the destruction of what grass there is for winter feed for stock. In spite of all efforts possible, a considerable area of brush and grass was burned over. Mr. Margach leaves this morning for the scene of the forest fire in the Ghost River district, which are still raging furiously.

EXPRESS WAS DITCHED

Winnipeg, July 29.—Passengers on board the Saskatchewan Express which arrived belated in Winnipeg at 9:45 last evening, had a narrow escape from death or injury at a point about fifteen miles east of Arizona where the train was derailed. The engine broke loose from its couplings, dragged ten feet into a slough and derailed the baggage and smoking cars with it. The train at the time, fortunately, was only travelling at a speed of about seven miles an hour, for had it been making usual speed it is most probable that one of the worst wrecks in the history of the road would have been recorded. The train was crowded with passengers from Brandon and from various parts of Saskatchewan. The fact that only the baggage man was injured to any extent is little short of miraculous in view of the conditions.

DETAIL OFFER OF POWER CO

Edmonton Heat and Power Com-
pany Hand Commissioners
Details of Contract

PRICE TWENTY DOLLARS

Offer Will Be Laid Before Council
Soon and Then Will Be
Discussed

The city commissioners have received the detailed offer of the Edmonton Heat and Power Co. in regard to the supplying to the city of electric energy. All that remains now is for the council to consider the report which the commissioners will make on the offer.

The details of the offer are as follows: The company agrees to commence the construction of the plant, and to have it completed, machinery installed, and ready for operation in two years. If the company fails to accomplish the work inside of 2½ years the corporation may cancel the whole agreement immediately. The company agrees to supply 10,000 horse power at \$30 per horse power per annum for a period of 30 years and in case the plant develops more than that amount the city may purchase the additional power in 1000 horse power blocks at the same price, providing that they give the company nine months' notice. If such additional power may be required.

May Supply Others
The company reserves the right to supply any energy over and above the 10,000 horse power that is not used by the city to any other municipality, firm or corporation. If the corporation defaults payment to the company at any time, the company may discontinue the supply of energy.

The representatives of the city would at all times have access to the plant for the purpose of inspection or of testing the instruments. The company shall construct its own delivery station, within the city limits.

Not Responsible for Damages
"The Company will not be responsible for damages, injury, loss or accident, to person or property by the wires, poles, towers, pipes, conduits, machinery, or apparatus placed or constructed or being within the city limits, or by the operation or working of same or by the power transmitted thereupon and if any action or claim made against the company for any damage, loss, or accident the corporation shall defend same at its own cost, unless such damage, loss, or accident, etc., is caused by the company's negligence or its servants."

The company agrees to install first class and modern machinery and appliances in its plant.

City Can't Resell Power
It is stipulated that power sold to the corporation under the contract may be used by the city for any purpose whatsoever, but shall not be resold or used by other parties operating under a municipal franchise.

If the supply of power should be interrupted by any circumstances beyond the control of the company, such as riots, strikes, lockout, abnormal condition of the water, or damages by the King's enemies, the company shall not be bound to deliver power, while the corporation shall not be obliged to pay.

It is provided that in order to secure better efficiency of the service the supply of power may be stopped for a period not exceeding two hours in the forenoon of Sunday, by giving 48 hours notice to the city in order that improvements and repairs might be made. Such an interruption in the supply however, must not occur more than twice in one week.

How to Settle Disputes
If any dispute should arise between the company and corporation relative to the supply of power it must be dealt with by a board of arbitration consisting of two independent persons, who should be empowered to appoint a third.

No assignment of the agreement may be made by the city without the consent of the company, who will be obliged to give such consent.

The corporation would have the right to renew the agreement for

WORK OF PICTURE SHOWS

Child Tries Blackmail—Pinned Demand for \$50 to Her Father's Door

Ethel Allen, 12 years old, who lives with her parents, told Justice Wyatt in the New York Children's Court yesterday that she had written a note to the house in which they live and that she was also the author of a threatening letter which her father received the day following the last fire.

Last Monday morning, about 11 o'clock Ethel told her mother that she had just put out a blaze she had found in a pile of papers on the stairs On Tuesday a similar fire was discovered on a stairway and the janitor put it out. On Wednesday Ethel's father found this note pinned to the door— "I am short of money. Fifty dollars is the least that will satisfy me. If I don't get it I will burn the house down and get the money. Put the money under the mat in the first floor hall tomorrow night at 8 o'clock."

Not Signed

There was no signature. The note was scrawled on both sides of a small piece of paper. Much of it was almost illegible. The painstaking care shown in some of the letters, especially the w's, m's, and n's, led Detective Brown of the Bronx detective bureau to believe that the note was written by a child. When he found out that Ethel had discovered the first fire he had a talk with her.

She wrote a few lines at his dictation. The writing resembled that of the note found pinned to the door. After a little questioning Ethel told Brown that she had written the note and set the fire. She got the notion, she said, from some of the plays she had seen at moving picture shows. She spent Wednesday night in the rooms of the Gerry Society, and was rraigned before Justice Wyatt in the Children's Court yesterday.

Why She Did It

"Why did you do this?" Justice Wyatt asked her. "It endangered the lives of a great many people."

"Well," said Ethel, rather faintly, "I had been to a good many moving picture shows and in all of them there was a girl who was very brave and—"

"And you thought you would set some fires and put them out and get a reputation as a heroine?" suggested Justice Wyatt.

"And what about the letters?" "Oh, that was just a joke. I didn't mean anything by that."

Justice Wyatt called Ethel's father to the stand. He is a brick-layer. He said that he had frequently taken Ethel to see the moving pictures.

"Your honor," he said, "you can't go to a show in any part of the town that hasn't got moving pictures in it. But I guess she won't go to any more in a hurry."

After Ethel had promised never to do such things again she was paroled in the care of her parents until August 25.

ATE HIS WAY OUT OF LEAGUE

**Elmer Flick, the Former Nap, Could
Not Restrain His His Appetite,
Now Looking for Work**

Cleveland, O., July 30.—Elmer Flick, outfielder, sold to the Kansas City club by the Naps, passes to the minors because he could not curb his appetite. He literally ate himself out of major league baseball.

Flick never observed the rule that a ball player should eat little before a game. He always ate as he pleased, disregarding the advice of managers and his fellow players. It was not uncommon for him to get out of bed at midnight, or 1 or 2 o'clock in the morning, dress and go out and fill himself with mince pie and other indigestible food. His castiron stomach bore up under the heavy strain until 1908, when the Naps were making a great fight for the pennant. When the crucial point came his stomach gave away, and since then he has not been himself, suffering continually from stomach troubles.

He came here from the Philadelphia Nationals in 1902, preceding Lajoie and Bernhard and immediately began to puncture the ball. For several seasons he has been one of the leading batters of the local club.

But Flick has retrograded. No more is he able to hit with his old ferocity and accuracy. That he is

the same man is evidenced by the club owners' action in allowing him to leave the league. Comisky, O'Connor and McAleer are not overlooking chances to strengthen their teams, but they passed up Flick.

LALONDE THE WONDER

The financial and other success that is coming the way of Nationals this season should be an object lesson to all and sundry. Nationals have virtually the same team as last year with

the addition of Newsy Lalonde. Newsy is a great lacrosse player. But he is not a whole team. His presence on the line-up has helped the National team to be about ten per cent better than it could have been last year. But last year there were bickerings and

disensions. Moreover, the French-Canadian public from whom the Nationals draw the needed showed some

apathy arising mainly from the fact that the French Canadian press was

that the French-Canadian press was at loggerheads over certain affairs within the executive of the association. This year all that is changed. Everything is pulling together to boost the Nationals. Result, the Nationals are due for the championship. They will

likely go through the season without more than one—or at the most two—defeats. Perhaps none at all. Get hold of a good thing and boost it, is a useful maxim for a sporting organization that wants to make money—

MODERN LIFE WOULD BE TOO HARD ON THE NERVES IF IT WERE NOT FOR WANT ADVERTISING!

The pace of life has become tense.

Worries, disappointments, up-sets at home and office, losses, discouragements seem to multiply as daily life becomes more complex.

The property owner, who MUST have a steady income from rents or lose his property, is "racked" by the untimely defection of a tenant. Some classified advertising quickly retrieves his loss—and quiets his nerves!

The salary earner unexpectedly loses his position—and his peace of mind. The strain would shortly "break" something in his nervous system if, once more, want advertising did not find the better job—and restore to him his mental equilibrium.

In every phase of the city's life, every day, the want ads play the part of the peace-maker. They SERVE you and me at some crisis in our lives—and keep the modern pace and tension from proving too fast and tight for us.

Truly, the want ads ARE FOR SERVICE!

DETAIL OFFER OF POWER CO.
(Continued From Page One)

another 15 years after the expiration of the 30 year term stipulated. Agreement is not binding on either party until a bylaw is passed by the council ratifying it.

Original Offer

The original offer of the Edmonton Heat and Power Company, made early in June, the company agreed to supply to the city over 6000 horse power at the rate of \$35 per horse power per annum, and agreed further to hold in reserve 4000 additional horse power which would be supplied to the city on request at \$25 per horse power per annum.

This proposition came before the City Commissioners at their regular meeting on June 9th, and was allowed to stand. In the interval the company reduced its price per horse power by \$15, and increased the amount to be supplied to 10000 horse power.

At the present time the city is using about 4000 horse power per annum. The cost to the city is approximately \$240,000 or over \$60 per horse power. It can be seen that the present offer of the Edmonton Heat and Power Company is exactly two-thirds less per horse power than the estimate of the cost to the city under the present conditions.

Bouillor Silent.

When asked his opinion regarding the proposition, Commissioner Bouillon would not make a statement, saying that the matter would be discussed by the council on the presentation of the report of the commissioners.
